**FINACCURATE:
THE SMART SOLUTION.**

THE ALTERNATIVES:

1

HIRING A PERSON OR TEAM:

Ask yourself, do you need to add a full-time hire? This option adds fixed costs and overhead. Scalable but costly. Low ROI.

2

HIRE A PART-TIME BOOKKEEPER:

This option is a lower cost alternative, but often equates to limited accounting capabilities. The result is less value delivered for a solution that does not scale. Low ROI.

3

OUTSOURCE TO FINACCURATE:

Secure a team of accounting experts for a blended rate equivalent to a bookkeeper's hourly rate. The team's accounting expertise combined with business acumen delivers business value and enables growth. A scalable solution with high ROI.
